

Wireless Multi-Port ADC Sampling Interface

Measure it Right and Fine

High accuracy and external connections for multiple devices.
R718KB gives you high-quality experiences.

R718KB
series

Amazingly **accurate** and **precise**

Measures and gets accurate results. R718KB series gives you trustworthy data.

Accuracy	Sampling	Resolution
$\pm 1\%$	24 bits	1 mV/uA

A to D. For everything you need

Up to 4 external connections with equipment.
R718KB series provides a whole new option for measurement.

<p>R718KBA Measure 4x 0 10v</p>	<p>R718KBB Measure 4x 0 20 mA</p>	<p>R718KBA Measure 0-20 mA</p>
<p>R718KBC Measure 2x 0-10v & 2x 0-20 mA</p>	<p>Output DC 12 V</p>	

For a more **efficient monitoring** system

Get R718KB series for remote monitoring of data.

Cleanroom

Connect equipment with R718KBC.
Remotely monitor particles and pressure in the rooms.

Particle counter
